Legislation

Legislation is the process of making or enacting laws by the legislative branch of a government and a law or set of laws.

LEGISLATION

May June July 2018

By the time you get this Unit mailing your reports will be sent in and I will be reading them I am hopeful that all the District Legislative Chairman have reported on what their Units have done this last year. It will be so interesting reading about what our Units are doing to promote legislation for our Veterans. That is what we do, we advocate for our Active Duty Military, our Veterans and their families and it does make a difference.

On March 12th I attended **Veterans Day on the Hill** being held at the Minnesota State Capitol Rotunda. It was a great turn out of all the Veteran organizations **our Voices were heard!** We did meet with our legislators and sit in on Veterans' Affairs committee meeting. Thank you to all who attended.

This the last report for the year, please take time to email, call or write your representatives, if we are not there to support our Veterans and their families who **will!** During the summer you will see them out and about so take the time to visit with them.

I would like to wish everyone a great summer, especially after the winter that would not stop.

Also, thank you for all you have done for our veterans this last year.

As always, if you have any questions, please do not hesitate to email or call me.
