Gambling Manager

RE: Department Auxiliary Programs Approved Gambling Fund Donations

Since May 3, 1993, certain programs of the American Legion Auxiliary, Department of Minnesota, were officially approved as "lawful purpose" programs that may receive donations from gambling funds from our Units and Posts. This approval was given by the Minnesota Gambling Control Board.

Attached please find an update copy of the list of programs that have been approved by the Minnesota Gambling Control Board to receive gambling funds.

If a Department program is NOT listed on the attached, it has NOT been approved to receive gambling funds.

The Gambling Board has approved the attached form the Gambling Managers may use when sending in donations to programs of the American Legion Auxiliary.

Please note: Auxiliary Units make their checks payable to: American Legion Auxiliary. Post must make their checks payable to: The American Legion Foundation (no acct # is needed).

A copy of the Gambling Fund Donation form may be attached to your monthly Schedule C to show what was included in each check. It also gives you the correct codes to use when reporting your donations on your Schedule C (Gambling).

If you have any questions regarding this, please contact the Department Office.

Jan Lauby
Department Treasurer
