EDUCATION

NOVEMBER – DECEMBER 2018

Reminder: November 12-16 is American Education Week

For more information on American Education Week, please refer to the Education article in the September-October Unit mailing.

School is in session and Seniors have been thinking about their furthering their education and how to pay for it. In this newsletter you will find the scholarships information and applications that the American Legion Auxiliary is offering on both the National and Department levels. This information can be found on www.mnala.org and the national scholarships can be downloaded from www.ALAforVeterans.org.

Please distribute these applications and/or the information how to download the applications to your school. Do remind them that the rules must be followed so that deserving applicants are not disqualified.

You will find the Give 10 form in this newsletter.

We were not able to distribute the scholarship information earlier as it was not on the websites until after National Convention when the new Auxiliary year officially began.

I am looking forward to your Mid-Year reports due on or before December 10th. You may either send a small paragraph or two or more to your District Education chairman or to me of what you have been doing in the Education program by December 10th.

I would like to take this opportunity to wish a very Happy Thanksgiving and enjoy the Christmas Season in your choice of religion.

Linda Kropuenske
Education Chairman
