

## CHRISTMAS CANDLE

by Kay Hoffman

Light a Christmas candle  
And let it warmly glow  
From a friendly windowpane  
Across new-fallen snow.

Someone lone in passing  
Will catch the strong, bright beam  
To cheer the rugged path ahead  
And set the heart to dream.

Let the warm, glad light-shine  
From your own candle's ray  
Glow deep within your loving heart  
On each and every day.

Light a Christmas candle  
To glow within your heart  
And touch the life of someone dear  
With blessings to impart.

Merry Christmas and Happy New Year
