SERVICE TO VETERANS

Nov/Dec 2017

Our Service to Veterans Program's purpose is to continue the work to enhance the lives of our Veterans, Military and their families.

Our opportunities are many.

Remember to save stamps for the Stamp Program. The stamps are sold by the pound so we do not have to separate them all. We do however have to separate the foreign stamps.

Please notice in the Unit and District Annual Reports that we have added a line asking for the value of goods and services provided to Veterans. For instance, the value for baking or sewing supplies, and so forth.

December is Veteran Affairs and Rehabilitation month. This is an excellent opportunity for adults and Juniors alike, to help Veterans write Christmas cards, go shopping or even decorating their homes.

Keep track of your hours. We cannot remind you enough. This is the only way the National officers of the American Legion Auxiliary know what we are doing when helping our Veterans. Unit Presidents and Service to Veteran Chairmen, take a notebook to your Unit meetings and have your Members write down what they do monthly. We must toot our own horns.

Thank you for all you do daily, monthly and yearly.

Bonnie Wagner, Service to Veterans Department Chairman
